UNDER BENCH ROLLER

The Bench Roller is a modern, durable and well-built above ground roller that features long lasting components and an appealing design while harbouring utility and convenience.

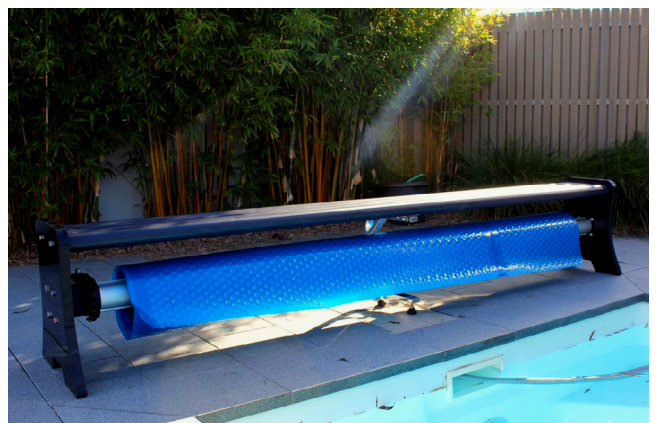

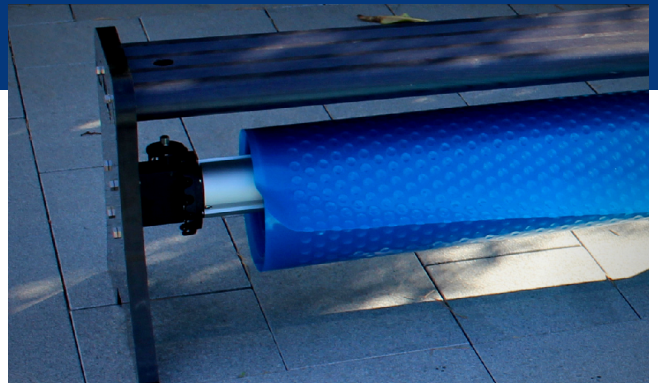

The purpose of the Bench Roller is to store your pool cover while having the added functionality of a seat. Its practicality transforms your regular roller to a useful accessory that adds effectiveness to your pool area.

It is a trouble-free system and designed for convenience that can easily be operated by a single person for easy and quick storing and laying of your pool blanket on your pool.

Wireless for Under Bench Roller
